GOA/PROSPECT ARE LEADING THE FIGHT TO SAVE YOUR PENSION

- We're fighting to safeguard your existing pension provision.
- The government's proposals mean you would pay more, get less and have to work longer.
- Even when you retire, your pension could be devalued if inflation-linking is lost.
- Some of the discussion points already raised would amount to an equivalent pay cut of 4-10%.

DON'T LET THIS HAPPEN
